# Encouraging your business for 25 YEARS!

**Ethical and sustainable business is our priority.**  
It has been certified by Sedex - SMETA 4 pillars v. 6.0.

**Sedex**

**SMETA**

**winterhalter**

**The products** we offer along with the technologies  
**meet a number of standards related to safety,**  
which has been confirmed by recognised institutions.

**Our technologies comply with food contact, safety  
standards and undergo various durability tests.**  
The tests are carried out by international research centres.

**SGS**

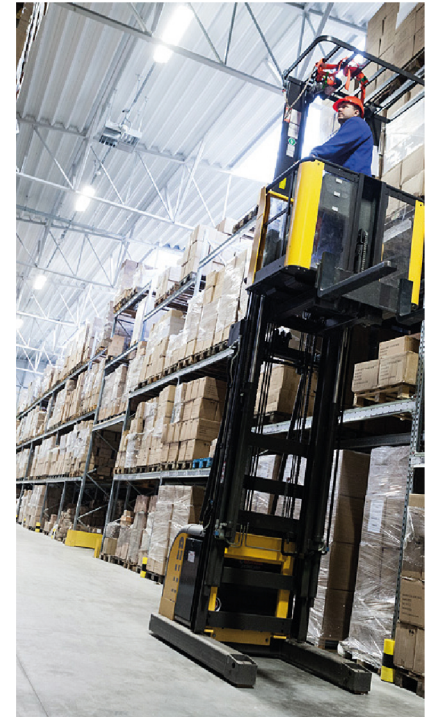

**intertek**  
Total Quality. Assured.

# Comfortable cooperation

**Almost 5 million ceramic and porcelain products at your fingertips.** Probably highest warehouse stocks of advertising ceramics in Europe.

**Over 29 000 mugs produced daily.**  
A large machine park with high throughput.

## **Extremely fast order processing modes:**

Last Minute - 5 working days.  
Fast Track - 48h.

**You get a dedicated sales assistant,**  
who support your daily business.

**We are proud of our commitment,**  
which results in

**over 99%**  
**satisfied customers \***

\*Research of Customers Satisfaction 2022.

# Protect the planet with us for the next *25 years*

**Can't imagine a day without coffee or tea, and are you looking for an elegant and durable replacement for plastic and paper mugs?**

The obvious point is that ceramic and porcelain mugs are much more environmentally friendly thanks to their **reusability**.

**Do you care about ecological solutions and are you fed up with environmentally harmful disposable mugs?**

You can always take our thermal and mobile mugs with you, which eliminates the need to use disposable cups.

**Do you care about durable and wash-resistant decorations?**

Thanks to their high resistance to washing in dishwashers, MAXIM mugs are **reusable**.

Additionally, we **protect forests** thanks to cardboard for packaging from certified sources, which is confirmed by the FSC Certificate.

**Ceramic and porcelain mugs are an ecological and long-lived alternative** to disposable drinkwares for hot drinks.

**All our products are:**

- “eco-friendly”
- “reusable”
- long-lasting, have dishwasher-proof prints

Choosing a reusable mug can be a great idea for your client, not only for **an ecological, interesting, personalized gift, ensuring long-term use\*, but also for effective brand promotion.**

\* Research by Institute of Promotional Marketing ( <https://theipm.org.uk/> )

# Trendy, ecofriendly & mobile lifestyle

Choose 2 Go mugs that perfectly fit into the current active lifestyle. Besides being fashionable and handy, they excellently emphasize the ecological values that are important to more and more companies.

Give your products a unique character by taking advantage of:

- endless possibilities of product coloring,

# GALAXY

## COLLECTION

Discover the infinite possibilities of reliable thermal products from the Galaxy collection combined with decoration techniques and make them your companion for special missions.

Available from 12 pieces!

## Warm or cold?

The double-walled design of the body made of stainless steel in the Vacuum Insulation Technology, ensures temperature maintenance and protects the hands of the user from excessive heat. The Galaxy vacuum flasks maintain hot or cold temperature up to 15 hours.

## Color explosion

The steel mugs can be coloring in any Pantone colour with a glossy or matte finishing.

## Quality all around

Innovative 360 degree digital printing technology in a photographic print quality.

## Unique 3D effect

Make impact of the message with exceptional 3D effect or laser touch. It will emphasise the advertising message and give a unique feeling when using the mug.

## Customized packaging included

Every product from the Galaxy line comes in a dedicated packaging. You can also personalise the box and match its design to the mug. All this at the standard price of the product.

**CANDLESPHERE**  
enlight your brand

# Advertising Candles

Illuminate your brand with an effective gift

When you enter the world of Candlesphere,  
**you get unlimited possibilities in terms  
of highlighting, branding and customization.**

Get inspired by the multitude  
of **spectacular glass forms** and  
choose the perfect one to promote  
your client's brand.

Choose from phenomenal coloring  
effects in **any Pantone color**:  
stunning gloss, noble matte or  
elegant Soft Touch.

Give the candle a unique character thanks to  
**stunning decorations**. Among them you  
will find noble sandblasting, an exclusive metal-  
lic effect or interesting forms of printing.

Ecological, vegan soy wax or paraffin wax with the possibility of coloring in one of 15 shades - give your client the opportunity to customize the filling according to his preferences.

Take advantage of the possibility of **customizing the scent** and match the aroma of the candle to the philosophy of the promoted brand.

**Packaging branding** gives your customer an additional option in terms of logo placement and brand values.

And finally... strengthen your marketing message with a **masterful fusion of two highly effective gifts**. Combine a unique candle with a reliable mug and rise above the competition.

As an interesting and practical addition to Candlesphere candles, you can choose a lid, thanks to which the fragrance essence contained in them retains its properties even longer.
